HYDERABAD-DN.
1951

REVIEW ON THE ADMINISTRATION REPORT OF THE MARKETING DEPARTMENT FOR THE PERIOD FROM 1-10-1948 TO 31-3-1950

This report relates to two crop years 1948-49 and 1949-50. During 1948-49 the monsoon was abnormal owing to which crops suffered in certain parts. Barring castor and mustard, the production of most of the major crops was very much lower, compared to the preceding crop year. In 1949-50, however, the season was very favourable both for the *Kharif* and the *Rabi* crops. Paddy and sugarcane suffered from insect pest. The outturn of the crops during the year was generally good as will be seen from the following figures :—

		1948-49	1949-50 Thousand tons	Percentage of difference
Cotton	...	233.6	278.7	19.3
Groundnut	...	409.5	486.6	19.1
Castor	...	58.9	71.1	20.9
Linseed	...	38.5	39.7	-3.1
Til	...	51.0	46.5	-8.8
Rice	...	403.0	347.4	13.8
Wheat	...	16.1	42.3	163.7
Jowar	...	693.7	800.0	29.8
Gur	...	193.9	146.5	-24.5

In view of the control over the movement of ground-nut cake and cotton, and monopoly purchase of food-grains, the markets were deprived of most of the business that in normal times it transacted in the markets. In spite of this, the total turnover of business in the regulated markets amounted to 26 and 33.7 crores respectively during the years under report. As against 42 markets in 1947-48, 51 markets functioned in 1949-50. The financial position of all the markets is very sound. Their income in 1949-50 was over Rs. 13 lakhs. Together with the previous balance of Rs. 17 lakhs, they had at

their disposal over Rs. 30 lakhs out of which the expenditure during the year was only 6.7 lakhs leaving a balance of Rs. 21 lakhs.

It is regrettable to note that most of the Market Committees did not meet regularly to transact business. Except 12 Committees which met 5 times or more during the year, the rest of the Committees met only twice or thrice in a year. This may be due to lack of interest on the part of the members. The Chief Marketing Officer should make it a point to see that while on tour he brings to the notice of the members the imperative need of timely disposal of their business.

It is gratifying to note that the department not only completed its survey on marketing of chillies and furnished a report to the Agricultural Marketing Adviser to Government of India, but has also taken up a survey of the marketing centres for cattle. As the Agricultural Markets Act has now been amended so as to include live-stock in Agricultural produce, it is hoped that regulated markets would be established soon and the cattle breeders will get the benefit of marketing facilities.

During 1949-50 a sum of Rs. 2,88,240 was sanctioned from the balances of the Market Committees for the improvement of markets by way of development of roads and for providing amenities to cultivators such as construction of cooking sheds, erection of pumps for water-supply and water through for cattle.

*Secretary,
Rural Reconstruction.*

ANNUAL ADMINISTRATION REPORT OF THE MARKETING DEPARTMENT FOR

October 1948 September 1949.

CHAPTER I.

INTRODUCTION.

1. This is the 16th annual report of the Marketing Department. Data embodied in the report in respect of production and market arrivals relate to the agricultural year ending May 1949, while those connected with income and expenditure and administrative and financial matters pertain to the year ending September, 1949.

2. During the year under report, the monsoons were above normal in both the divisions of the State as shown below :—

Division	Average rainfall (1948-49)	Normal rainfall (50 years)	Deviation from normal
Telingana	33.57"	32.93"	+ 0.64"
Marathwada	31.04"	28.53"	+ 2.51"
Hyderabad State ..	32.31"	30.73"	+ 1.58"

However, diseases and insects in certain parts had their toll of crop life and consequently the harvest condition in the State as a whole was far from satisfactory.

3. Barring castor and mustard, the production of most of the major crops during the year decreased as

[Statement.

compared to the previous year, as may be seen from the table below :—

Commodities	Production in thousand tons		% deviation from 1947-48
	1948-49	1947-48	
Cotton Bales	233.6	257.3	— 10.1
G/nut Pods	409.5	551.1	— 34.5
Castor	58.9	57.7	+ 2.1
Linseed	38.5	49.6	— 28.9
Mustard	0.5	0.4	+ 25.0
Til	51.0	56.1	— 10.0
Wheat	16.1	19.7	— 18.3
Rice	403.0	459.1	— 12.2
Jawar	693.7	865.0	— 19.8
Gur	193.9	266.7	— 37.6

4. *General market situation.*—Duc to shortage of food grains and continuation of control measures the markets worked generally under the same abnormal conditions as before. However a slight relaxation in the movement of cereals under control led to their rush in some of the markets. The following table gives total arrivals of some of the important commodities in the regulated markets :—

Commodities	Arrivals in thousand pallas in		% deviation from 1947-48
	1948-49	1947-48	
Kapas	1,089	1,319	— 17
G/nut Pods	1,441	1,681	— 14
Castor	253	292	— 13
Linseed	103	102	+ 1
Mustard	2	1	+ 100
Til	84	61	+ 31
Karad	147	126	+ 17
Rice	48	6	+ 700
Wheat	20	20	..
Jowar	194	123	+ 58
Bajra	14	5	+ 180
Gram	88	82	+ 7
Tuar	116	140	— 17
Mung	168	166	+ 1
Gur	178	257	— 31
Chillies	81	63	+ 29
Ghee	2	6	— 67

5. During the year, the prices of several commodities rose enormously in sympathy with general inflation, as may be seen in respect of some important commodities, shown below :—

Commodities	Prices in O.S. Rs. per palla in		% deviation from 1947-48
	1948-49	1947-48	
Kapas	73	66	+ 11
G/nut Pods	52	48	+ 8
Castor Seed	55	63	— 15
Linseed	51	51	..
Mustard	88	73	+ 21
Til	95	88	+ 9
Karad	40	38	+ 5
Rice	77	75	+ 3
Wheat	113	107	+ 6
Jowar	39	36	+ 8
Bajra	33	29	+ 14
Gram	60	50	+ 20
Tuar	43	40	+ 8
Mung	45	41	+ 10
Gur	40	38	+ 5
Chillies	90	125	— 28
Ghee	540	494	+ 9

6. *Turnover.*—Though the number of regulated markets increased during the year by 4 bringing the total to 46, the turnover of the arrivals diminished on an aggregate in all the markets amounting in value to Rs. 25,99,14,000/- as against Rs. 26,70,96,000/- in the previous year mainly due to fall in arrivals of kapas and groundnut pods.

CHAPTER II.

DEPARTMENTAL ADMINISTRATION.

7. *Government Staff.*—(a) Shri Rajeshwar Rao succeeded Rai Mohindra Bahadur as C.M.O. in October, 1948 when the latter had been transferred to the Agricultural Department.

(b) Mr. Hatim Ali was Regional Marketing Officer in charge of the regulated markets of northern region of the State.

(c) Mr. H.R. Kidwai was the Regional Marketing Officer in charge of the regulated markets of the southern region.

(d) Shri R.M. Johri worked as Senior A.M.O., throughout the year.

(e) Shri T. Ramachari was A.M.O. in charge of marketing survey of oilseeds.

(f) Dr. Madhava Rao was A.M.O. (Livestock).

(g) Shri S. B. Raj was appointed as A.M.O., in February, 1949, vice Mr. Rana Pratap Reddy, who had been transferred to the market section.

8. The tour under taken by the Officers during the year under report was as follows :—

Officers	No. of days on Tour	No. of places visited	Purpose
(a) Shri Rajeshwar Rao, C.M.O. ..	64	36	Inspection of Regulated Markets.
(b) Mr. Hatim Ali, R.M.O.	76	21	do
(c) Mr. H.R. Kidwai ..	49	15	do
(d) Shri R.M. Johri, Snr. A.M.O. ..	27	7	Survey of Chillies.
(e) Shri T. Ramachari, A.M.O. ..	27	8	Survey of maize, castor, tobacco, etc.
(f) Dr. Madhava Rao, A.M.O. ..	44	11	Survey of milk and cattle.
(g) Shri S.B. Raj, A.M.O.	8	2	Survey of Rice.

During the year Mr. Hatim Ali, R.M.O. visited Delhi to attend the All India Marketing Officers' Conference.

CHAPTER III.

ADMINISTRATION OF REGULATED MARKETS.

9. *Central Fund Staff.*—Particulars regarding officers working under central fund and the tour undertaken by them during the year under report are as follows :—

Officers	Circle	No. of Markets in Circle	No. of days on Tour
(a) Shri D.K. Joshi, A.C.M.O.	Aurangabad, H.Q.		
	at Parbhani ..	14	101
(b) Mr. Hamza Ali, A.C.M.O	Gulbarga ..	9	71
(c) Shri Adkikar, A.C.M.O. ..	Medak with, H.Q. at		
	Nizamabad ..	14	149
(d) Mr. Bazle Ali, A.C.M.O..	Warangal ..	12	44
(e) Shri Rana Pratap Reddy, A.C.M.O. ..	do ..	12	90

10. Other details regarding staff attached to the Market Committee offices, Circles & at H.Q., are shown in appendix No. 10 to 12.

11. *Deputation.*—8 market superintendents remained on deputation in other departments, viz., H.C.C.C., Central Co-op. Trading Society, Cloth. Control and Revenue Departments.

12. *Extension of the Market Act.*—The Hyderabad Agricultural Markets Act was enforced during the year in 4 new trade centres, viz., (1) Kamareddy, (2) Bhir, (3) Vicarabad and (4) Bhalki.

13. *Market Committee Meetings.*—Details regarding market committee meetings are shown in appendix No. 3, from which it will be observed that out of 12 meetings expected to be held during the year, 9 meetings were held by Khammam market, 7 by Purli, 5 each by Latur, Peddapalli and Shadnagar and 4 each by Sailu, Warangal and Jammikunta. Sitzings at the rest of markets were very poor.

14. Collection of market fees on *Advalorem* basis was continued. This entailed intensive checking of tak-patties in order to collect due amounts from the individual sellers. The number of tak-patties received in the markets were 1,333,804 during the year under report as against 1,290,082 in the previous year. Detailed checking of all the items included in the tak-patties accounted on an aggregate for 39 per cent. as against 44 per cent. last year, while checking of the item relating to the market fees was cent per cent. as previously.

15. In the course of checking of the tak-patties with reference to the sale proceeds payable to the seller, it was found that the deficit amount due to and the excess amount paid to the sellers of all the regulated markets were Rs. 3,770-8-4 and Rs. 3,456-6-4 respectively which were recovered later and refunded to the parties concerned. While particulars of individual markets regarding excess and deficit are shown in appendix No. 4 those of some typical markets where these variations were found to be marked are as follows :—

Markets	Variations from sale proceeds (in Rs.)		% of checking of tak-patties
	Excess	Deficit	
(1) Nander	790	1,183	33
(3) Warangal	593	340	57
(2) Adilabad	304	345	94
(4) Bhongir	300	139	48
(5) Purli	331	331	28
(6) Karimnagar	157	178	39
(7) Jammikunta	203	17	52
(8) Vijapur	42	154	15
(9) Kamareddy	7	135	100

16. *Market Functionaries*.—Appendix No. 5 shows the number of different market functionaries in each

market on the whole there was a slight decrease in the number of functionaries in contrast to the increase in the number of regulated markets from 42 to 46, as shown below :—

Market functionaries	No. of functionaries in		% variation from 1947-48
	1948-49	1947-48	
(1) Buyers	2,270	2,256	+ 0.6
(2) Adayas	2,819	2,852	— 1
(3) Dalals	172	179	— 4
(4) Weighmen	1,571	1,776	—11
(5) Petty dealers ..	2,218	2,087	+ 6
Total	8,550	8,650	— 1

17. *Finance & Permanent Improvement.*—The source of income of the regulated markets during the year comprised (1) market fees levied at as. 4 percent of the value of produce brought for sale or storage, (2) license and registration fees charged to different market functionaries (3) proceeds from the sale of market refuse and (4) Miscellaneous sources.

During the year 22 markets charged license fees to hamals functioning in these markets.

18. Particulars regarding opening and closing balances income and expenditure, schedule rates of registration and licensing, etc., are shown in appendix No. 6 and No. 7. It may be observed from appendix No. 6 that 42 old markets started functioning from the beginning of the year with an opening balance of Rs.12,27,612 and 4 new markets with none. Of the new markets, Vicarabad and Bhalki being regulated at the close of the year, only 44 out of 46 markets fetched a total income amounting to Rs. 11,43,422 as against the total expenditure amounting to Rs. 7,60,414 thereby leaving a surplus amount of Rs. 3,83,008. The closing balance of all the 46 markets aggregated Rs. 16,10,620 at the end of the year as against Rs. 12,27,612 at the end of previous year.

19. Due to restrictions operative on the purchase of building materials, construction of many office buildings was suspended. Minor repairs were however undertaken by a few market committee offices.

20. Appendix No. 8, giving particulars regarding charity fund shows that 10 markets collected charity fund at rates varying from market to market. With the exception of Latur, Nizamabad and Nander no other place had any registered society.

CHAPTER IV.

MARKETING SURVEY.

21. Survey of new commodities and drafting marketing reports thereon were suspended owing to compilation of supplementary reports on the commodities on which original marketing reports had already been forwarded to the Agricultural Marketing Adviser, Government of India. Supplementary reports on cattle, milk, skins, maize and millets, rice, castor stems were forwarded to the centre. Drafting of the original report on chillies was continued.

CHAPTER V.

MISCELLANEOUS.

22. Statistical statements connected with stocks, prices, etc., of important commodities in Hyderabad City and other representative markets were sent to the Agricultural Marketing Adviser, Delhi, Directors of Food Departments, Delhi, Mysore, Union of Travancore and Cochin, Madras and several other departments of the State as hithertofores.

RAJESHWAR RAO,
Chief Marketing Office.

Annual Administration Report
of the
Marketing Department
for
1949-50

ANNUAL ADMINISTRATION REPORT

OF

THE MARKETING DEPARTMENT

FOR

APRIL 1949 To MARCH 1950

CHAPTER I

Introduction:

1. The Marketing Department presents its 17th Annual Report for the period April 1949-March 1950. The statistics embodied therein pertain to the same period.

2. During the year under report the rainfall was about 11 per cent more than the normal and the same being timely was favourable both to the Kharif and Rabi crops. The total rainfall recorded in both the tracts of the State is given below :—

Tracts	Average rainfall (1949-50)	Normal rainfall (29 years)	Deviations from normal
Telingana ..	36.40
Marathwada ..	38.23
Hyderabad State ..	37.315	33.56	+11

3. It will be seen from the appendix No. 1 that the production of almost all the crops increased during the year except that of Paddy, Til, Mustard and Sugarcane,

where the decrease ranged between 9 and 24 per cent. shown below :—

Commodities	Production in Thousand Tons		Present deviation from 1948- 1949	
	1949-50	1948-49		
Cotton Bales ..	278.7	233.6	+	19.3
Groundnut Pods ..	486.6	409.5	+	19.1
Castor ..	71.1	58.9	+	20.9
Linseed ..	39.7	38.5	+	3.1
Til ..	46.5	51.0	—	8.8
Mustard ..	0.4	0.5	—	20.0
Rice ..	347.4	403.0	—	13.8
Wheat ..	42.3	16.1	+	163.7
Jowar ..	800.0	693.7	+	29.8
Gur ..	146.5	193.9	—	24.5

There was also an increase in the crops brought to the regulated markets as compared to last year during the period under report as may be seen from the following table:—

Commodities	Arrivals in thousand pallas		Arrivals represen- ting % of pro- duction	
	1942-50	1948-49	1949-50	1948-49
Cotton (Kapas) ..	708.1	1083.0	50.8	92.6
Groundnut ..	2063.5	1440.7	47.1	38.1
Castor ..	431.2	252.5	67.3	47.7
Linseed ..	110.7	102.6	31.0	26.7
Til ..	92.0	84.1	23.1	18.3
Mustard ..	2.1	1.9	58.3	45.3
Gur ..	180.4	178.6	13.8	10.0

The precipitatic decline in the arrivals of Kapas in spite of the fact that there was about 20 per cent increase in the production clearly shows that the trade had

been diverted somewhere else to evade the Cotton Control Order.

General Market Condition.—There being no relaxation of control and monopoly purchase orders regarding food grains and movements of other commodities such as Groundnut, Groundnut Oil and Groundnut Cake, the markets did not work in normal conditions. The arrivals of food grains were negligible. Similarly existence of Cotton Control Order both on movements and prices affected arrivals to the extent of 50% in most of the important markets. Only about 51% of the Kapas produced in the State passed through the regulated markets as against 93% in the previous year. Total arrivals of some of the important commodities and their deviations from the previous years in the regulated markets of the State is shown in the table below :—

Commodities	Arrivals in thousand pallas		% deviation of	
	1949-50	1948-49	2 from 1948-49	3 from 1947-48
1	2	3	4	5
Kapas ..	708	1,089	—35	—17
Groundnut Pods ..	2,064	1,441	+43	—14
Castor ..	431	253	+70	—13
Linseed ..	111	103	+ 8	+ 1
Mustard ..	2	2	..	+100
Til ..	92	84	+ 5	+31
Karad ..	132	147	—11	+17
Rice ..	8	48	—83	+700
Wheat ..	7	20	—65	..
Jowar ..	28	194	—86	+58
Bajra ..	1	14	—93	+180
Gram ..	139	88	+58	+ 7
Tuar ..	161	116	+39	—17
Mung ..	183	168	+ 9	+ 1
Gur ..	180	178	+ 1	—31
Chillies ..	67	81	—27	+29
Ghee ..	4	2	+100	—67

Excluding food grains, kapas and chillies the arrivals of all the important commodities registered an increase during the year under report which was mainly due to the favourable seasonal conditions resulting an increase in the production. The reasons for decline in case of food grains and kapas have already been explained.

The average ruling prices of some of the important commodities and their deviations, as compared to the previous year, are given in the following table :—

Commodities	Prices in O.S. Rs. per palla (120 Srs.)		% deviation of 2 from 3 from	
	1949-50	1948-49	1948-49	1947-48
1	2	3	4	5
Kapas	104	73	+42	+11
Groundnut Pods ..	63	52	+21	+ 8
Castorseed	54	55	- 2	-15
Linseed	70	51	+38	..
Mustard	118	88	+34	+21
Til	107	95	+13	+ 9
Karad	54	40	+35	+ 5
Rice	103	77	+34	+ 3
Wheat	109	113	- 3	+ 6
Jowar	59	39	+51	+ 8
Bajra	50	33	+51	+14
Gram	57	60	- 5	+20
Tuar	44	43	+ 2	+ 8
Mung	49	45	+ 9	+10
Gur	64	40	+60	+ 5
Chillies	165	90	+83	-28
Ghee	476	540	-12	+ 9

It will be observed from the above table that general inflationary tendency of the previous year became more sharp and prominent during the current year. Baring Castorseed and Ghee there had been a general rise in prices of all other commodities ranging from 2 to 83 per cent.

Turnover.—During the year under report the total turnover of the regulated markets amounted to Rs. 33,70,48,000 as against Rs. 25,99,14,000 of the previous year which was due to both increase in arrivals of crops and rise in prices of most of the commodities.

CHAPTER II.

Departmental Administration

Government Staff.—(a) Shri Rajeshwar Rao, continued as Chief Marketing Officer since October, 1948 when he had taken charge from Mr. Rai Mohindra Bahadur during the period.

(b) Shri Hatim Ali, Regional Marketing Officer, was in charge of regulated markets of Aurangabad and Medak Circles of the State.

(c) Shri H. R. Kidwai, Regional Marketing Officer, was in charge of regulated markets of Warangal and Gulbarga Circles of the State till the 6th of March, 1950 when he was called as Asst. Controller in the Central Excise Department, Government of India, at Hyderabad.

(d) Shri R. M. Johri, worked as Snr. A.M.O., till 12th March 1950 when he was promoted to the Regional Marketing Officer's post and took charge of regulated markets formerly under Shri H.R. Kidwai.

(e) Shri T. Ramachari, was Asst. Marketing Officer in charge of the survey of oilseeds and was promoted to Snr. A.M.O's post from the 12th March 1950.

(f) Dr. Madava Rao, was Asst. Marketing Officer (Livestock) during the period under report.

(g) Shri S. B. Raj, worked as Asst. Marketing Officer in charge of survey of fruits and cereals during the year.

[Statement.

11. The following table shows the tour undertaken by the Officers during the year:—

Officers	No. of days on tour	No. of places visited	Object of visit
(a) Shri Rajeshwar Rao, Chief Marketing Officer ..	64	36	Inspection of Regulated Markets.
(a) Shri Hatim Ali, Regional Marketing Officer	40	12	do
(c) Shri H. R. Kidwai, Regional Marketing Officer	21	7	do
(d) Shri R. M. Johri, Snr. Asst. Marketing Officer	19	4	Survey of Chillies and Pulses.
(e) Shri T. Ramachari, Asst. Marketing Officer.	21	5	Survey of Oilseeds.
(f) Dr. Madava Rao, Asst. Marketing Officer	40	19	Survey of Milk and Cattle.
(g) Shri S. B. Raj, Asst. Marketing Officer	16	6	Survey of cereals.

CHAPTER III.

Administration of Regulated Markets

12. *Central Fund.*—Tour undertaken by the Officers of the Central Fund and other particulars about them is given in the following table :—

Officers	Circle	No. of days on tour	No. of markets in the Circle
(a) Shri D.K. Joshi, Asst. Chief Marketing Officer (On deputation to H.C.C.C. from 28th Sept. 49 to 1st March 1950)	Aurangabad, H.Q. Parbhani ..	18	14
(b) Shri Hamza Ali, Asst. Chief Marketing Officer	Gulburga, H.Q. Aurangabad	129	14
(c) Shri Adkikar, Asst. Chief Marketing Officer	(Since 20th Oct. '49 Medak, H.Q. Nizamabad	260	15
(d) Shri Ranapratap Reddy, Asst. Chief Marketing Officer	Warangal	231	13
(e) Shri D.A. Ambekar	Gulburga (8th Jan.—1st August)	28	9

12. The appendices Nos. 10-12 give the other details of staff attached to each market, each Assistant Chief Marketing Officers' Office and the Audit section at Hyderabad respectively.

13. *Deputation.*—During the year under report 3 Market Superintendents remained deputed to the Revenue Department, 4 to Hyderabad Co-operative Commercial Corporation, 1 to Hyderabad Central Co-operative Trading Society, 1 to the Textile Department, 1 to Income Tax Department, 1 to Tungabhadra Project and one to Sales Tax Department.

14. *Extension of the Market Act.*—During the year under report the Hyderabad Agricultural Markets Act was applied at 5 new places, viz., (1) Tandur in Gulbarga District, (2) Deglur in Nander District, (3) Gadwal in Raichur District, (4) Mahboobabad in Warangal District and (5) Mahboobnagar in Mahboobnagar District.

15. *Market Committee Meetings.*—Appendix 3 gives details regarding the number of meetings held during the year, out of the total 12 expected. It will be observed that Bhir convened 14, Kopbal 10, Latur 7, Gadwal 6 and Adilabad, Badepalli, Bhongir, Parli, Suryapet, Parbhani, Mancherial and Tandur, each 5 meetings during the year. The rest of the markets had from nil to four meetings in the same period.

16. The system of collection of markets fees on *ad valorem* basis through adatyas continued during the year. This involved a strict and vigilant checking of sales receipts (Tak-patties) so far as the item of market fees is concerned. The Appendix No. 4 gives the details of Tak-patties. It will be seen that during the year the total number of Tak-patties received was 14,70,037 as against 13,33,804 and 13,33,804 and 12,90,082 in the previous years respectively. The detailed checking of the total number of Tak-patties was cent per cent at Khammam, Suryapet, Sedam, Madira, Kamareddi and Mahboobabad. While in others, the checking ranged from zero to 96 per cent. During the course of checking of Tak-patties all the deficit amounts paid to sellers were collected by the Market Committees from the respective adatyas and also excess amount paid to the sellers were also pointed out. The deficit amounts were paid to the seller in their subsequent visits. The total excess and deficit amounts paid to sellers is Rs. 3,443 and Rs. 7,360 respectively. The

details of each market may be seen in the Appendix 4 but some typical markets are cited below :—

Markets	Variation from sale proceeds in O.S. Rs.		% of checking of Tak-patties
	Excess	Deficit	
1. Nanded ..	711	426	60
2. Warangal ..	505	791	22
3. Adilabad ..	432	526	71
4. Badepally ..	256	857	96
5. Raichur ..	118	243	28
6. Hingoli ..	130	118	16
7. Purli ..	237	208	11
8. Manwath ..	222	465	34
9. Karimnagar ..	520	413	93
10. Khammam	36	100

With a view to ensure thorough and satisfactory checking of Tak-patties additional staff has been demanded by the Market Committees which is under consideration of the Government.

17. *Market Functionaries.*—During the year under report a new form of licence was introduced for traders to be used both for buyers and adatyas. The number of various functionaries acting at an individual market has been given in the Appendix No. 5. The table given below shows the total of each class for 51 markets :—

Market Functionaries	No. of functionaries in		% variation from 1948-49
	1949-50	1948-49	
1. Traders ..	5,055	4,608	+ 9
2. Dalals ..	271	179	+ 51
3. Weighmen ..	1,896	1,776	+ 7
4. Petty Dealers ..	3,380	2,087	+ 62
Total ..	10,602	8,650	+ 24

18. It will be noticed from the above table that the number of each class of functionaries increased consider-

ably during the year ranging from 7 to 62 per cent, the total increase, however, amounted to 2½ per cent, although the number of markets increased from 46 to 51 only.

19. *Finance*.—The main sources of income of the regulated markets are (1) market fees which is levied uniformly at 4 annas per cent *ad valorem* in all the markets. (2) licence fee charged at various rates for different functionaries, varying from market to market, details have been shown in Appendix No. 7. A negligible amount, however, was derived during the year from the sale of (1) market refuse (2) auction of hotels, etc.

20. The appendix No. 6 exhibits details of financial position of each of the 51 regulated markets functioning during the year under report. It will be seen that 44 markets started functioning with an opening balance of Rs. 16,98,690 while the 7 markets had no amount to their credit as against 42 markets commencing with an opening balance of Rs. 12,27,612 and 4 with none at all in the last year.

21. The total income during the year amounted to Rs. 13,15,082 and the expenditure worked out to Rs. 8,77,659 leaving the total accumulated balance as Rs. 21,36,113 as against Rs. 11,43,422, 7,60,414 and Rs. 16,10,620 and total income expenditure and balance respectively at the end of the previous year.

22. During the year under report total amount of Rs 2,88,240 had been sanctioned from the balances of the market committees for the improvement of the markets and providing amenities to the cultivators in the markets, details of which are given in the following table :—

Market	Amount sanctioned	Purpose
	Rs.	
(1) Jalna ..	1,25,000	Repair of Roads in the Gunj.
(2) Gulbarga ..	55,000	Development of Roads in the market.
(3) Warangal ..	35,000	Construction of shed for cultivators.
(4) Purli ..	20,000	Construction of office of Market Committee.
(5) Khammam .	20,000	do
(6) Badepalli ..	20,000	do
(7) Nanded ..	2,700	Repair of roads and water troughs.
(8) Aurangabad	2,500	Construction of cooking sheds for cultivators.
(9) Latur ..	4,040	Repair and extension of M.C's Office.
(10) Bhongir ..	I.G. Rs. 4,395	Erection of pumps for water both to cultivators and cattles.

23. The details of Charity Fund collected at different Market Committees have been shown in the Appendix 8. Out of the 10 markets which collected Charity Fund only Latur, Nizamabad and Nanded have registered Gaorakshan institutions. The rates and ways of collection vary from market to market and the amounts are utilised as per decision of the Committee.

CHAPTER IV.

MARKETING SURVEYS

24. Due to constant demand from the Agricultural Marketing Adviser to the Government of India for supplementary informations regarding the commodities which had already been surveyed and forwarded the survey of marketing of new commodities had to be suspended, e.g. Turmeric, Ginger, etc. However, the report on the marketing of chillies was completed and sent to Delhi. Survey of marketing centres of cattle was undertaken with a view to study the possibilities of establishing regulated markets. The supplementary information regarding the marketing of Hides and Skins, Milk, Butter, Maize, Millets, Rice, Pulses, Sesamum, utilisation of Castor stems and Tobacco were forwarded to the Agricultural Marketing Adviser, Delhi. Collection of data about melons, musk melons and mangoes was completed and sent to Delhi during the period.

CHAPTER V.

25. *Miscellaneous.*—Hon. Punjab Rao Deshmukh, Chairman, Hon. Ranbhir Singh and Messrs Veera Basappa and T. Prasad (Secretary), visited Hyderabad in February 1950, in connection with improvement of the Cotton Marketing in the State and visited Hyderabad and Aurangabad markets. Messrs. R. S. Srivastava, Asst. Marketing Officer (Cereals) and H. G. Mathur, Asst. Marketing Officer, Pulses, also visited Hyderabad in connection with the surveys concerned during the year.

26. Statistical data regarding stocks and prices of important commodities in Hyderabad city and other important upcountry trade centres were regularly supplied to the Agricultural Marketing Adviser to the Government of India, Delhi. Director of Food Department, Delhi and

other departments of the State as usual. A note on the marketing of graded oranges was sent to the Provincial Marketing Officers, Madhia Pradesh. Similarly a note on Regulated Markets was supplied to the Provisional Marketing Officer, Orissa, during the year under report.

P. K. DALAL,
Chief Marketing Officer.

[*Statement.*
